Editorial Review

Done up in Draculian rose reds and midnight blacks, the mirrors on the ceilings at this luxury boutique hotel add that over-the-top sexiness you'd expect from a den with direct views onto the Arc de Triomphe. Proximity to the Champs Elysées nightclubs is eclipsed only by the convenience of Air France airport buses doing their pick-ups and drop-offs front and curbside. Breakfasts are on-premise fresh-baked butter and chocolate croissants.
