

Opening of a new 4-star hotel resort in Western Paris :
the BEST WESTERN PLUS Paris Vélizy

Paris - March 14th, 2013

Located in the 2nd biggest business hub in France: Inovel Park in Vélizy, the BEST WESTERN PLUS Paris Velizy joined the 4 star hotel collection by Book Inn France. This high-quality hotel resort which opened on March 14, 2013, includes 161 rooms, 430 m² of meeting spaces, 1 restaurant, 1 bar and 1 fitness room,. It is the biggest hotel of the group in size, and the first to have its own restaurant.

The BEST WESTERN PLUS Paris Velizy is located in Western Paris, 10km away from the French Capital and to the city of Versailles. This brand new 4-star hotel with a sleek decoration joined the collection of contemporary hotels by Book Inn France.

The hotel offers a full set of high-quality services, ideal for your business trips in the heart of Inovel Parc's economic center: 161 rooms, 1 bar, 1 restaurant, 1 fitness room and 430m² of modular meeting spaces. With the best technologies available today (free VOD, high-speed Wifi, interactive Smart BOARDS© in the meeting rooms...), the hotel all the attributes needed to make the most of your event.

Throughout your stay, the restaurant and its lounge bar "le Double V" (62 covers, 30 seats at the bar and 16 seats on the terrace) welcomes you for a gourmet break at any time of the day. Chief Gabriel serves a bistro style menu, consisting of fresh, seasonal dishes and an irresistible buffet of desserts and sweets for the true "gourmands"! On Sunday mornings, a family brunch is proposed at the hotel. It is free for children under 7, featuring a generous buffet as well as funny activities for kids!

The decoration of the hotel offers an elegant setting in shades of plum, burgundy, white and gray: a soothing atmosphere inspired by nature and its elements. In the reception area as well as in the restaurant, surrounded with large windows and flooded by natural light, the use of raw materials echoes the sleek lines of the interior architecture: wooden furniture, natural stone siding, thick velvets, smooth carpets and ethereal light suspensions...

Indeed, this is the presence of a generous nature near the hotel, the Forest of Meudon, which inspired the agency Axel Schoenert Architects Associates (ASAA) the central theme of his interior decoration. With 1,000 acres of green spaces and a stunning view overlooking Paris, the Meudon forest is actually Yvelines' green heart. It will provide you with pleasant moments of relaxation and open-air recreation throughout your stay. But the theme of nature is also a daily concern to the hotel, in which every detail has been thought to respect the environment.

The hotel is accessible by car via the A86 or N118 and will soon be served by the T6 Tramway Chatillon – Viroflay (commissioning in 2014). 3 links with Metro, RER C and train lines will thus enable our guests to easily access the centre of Paris by public transport.
